

Driving Teacher Success Through Professional Learning

The Challenge

Harmony Public Schools and Cypress-Fairbanks ISD (CFISD) have embraced Sibme's Coach the Coach service to transform professional learning, empowering teachers and improving student outcomes. Using our coaching services in conjunction with Sibme's leading Professional Development software has proven to be a powerful tool for sustained development.

Harmony Public Schools

By using Sibme's Coach the Coach service, nearly all teachers at Harmony Public Schools earned their micro-credentials which prompted Harmony to grow its coaching staff from 30 to 150, ensuring teachers receive ongoing professional support.

"Sibme's passion for education is unmatched. They go above and beyond to create tools tailored to our need."

Burak Yilmaz - Director of Leadership Development at Harmony Public Schools

CFISD

CFISD, one of Texas's largest districts, revolutionized teacher development with Sibme's video coaching platform and Sibme's 1:1 Coaching the Coach sessions.

Sibme simplified everything, enabling teachers to reflect seamlessly."

Dr. Tonya Goree - Assistant Superintendent at CFISD

Hopper Middle School's "Coaching the Coach" initiative builds instructional leaders' skills, creating sustainable growth cycles.

"Sibme offers guidance on how to provide coaching to our teachers and improve instruction—our ultimate goal here at Hopper,"

Wendi Witthaus - Principal at Hopper Middle School

"Providing our aspiring leaders the chance to go through this process helps them learn how to coach others and reflect on their own coaching and teaching process."

A Shared Commitment to Teacher Success

Through Sibme, Harmony and CFISD have established robust professional learning frameworks. From micro-credentials to video reflection, these programs empower teachers to grow, collaborate, and excel—directly impacting student learning across Texas.
